About Us

Wentworth Park Sporting Complex is located just 5mins from the Sydney CBD.

The complex has a multi storey grandstand with external seating for over 3,000 as well as three separate internal areas and a full sized sports oval surrounded by a loam race track.

The complex is managed by Wentworth Park Sporting Complex Land Manager for NSW Crown Lands.

The oval has full sized Rugby League goals installed and full sized Soccer nets available for use. It can be used for everything from sports days to professional matches or even outdoor festivals.

The Grandstand has three different levels available to hire.

The largest is the Ground Floor which is over 2000sqm. The Ground Floor has two bars and a café. The floor at the north and south are carpeted and the centre area is tiled. There are entrances at both ends with two sets of glass automatic doors in the middle of the space. This area is perfect for trade shows/exhibitions, indoor markets or anything else where a large open space is required.

Level One is approximately 1800sqm. It has a bar and a food service area. The area can be divided into two spaces with a retractable wall. There is also a glass walled terrace at the south end and a small terrace at the north end of the space. These terraces open into the grandstand seating. This area is perfect for functions, conferences, parties or something a little more intimate than the larger space downstairs.

The Bistro is the smallest space and is located on the lower mezzanine. This area is around 300sqm. It has its own bar and food service area. This can be used for parties or anything that requires a smaller space.

All three areas can be hired together or separately.

Wentworth Park Sporting Complex holds an on-premises liquor licence. There are four permanent bars and we can also organise for pop-up bars to be located around the site.

Catering can be organised for everything from a casual lunch, cocktail party, buffet or even a full three course sit down dinner. Our head chef will work with you to tailor make a menu that fits your budget and dietary requirements.

A PA system is installed and can be used internally and/or externally. There are also numerous screens located in the different areas which can run a specific video, be set to different channels or used individually.

The site also has three different parking areas which are available for short term or long term hire. The main carpark off Wattle St has the capacity for 54 cars. The permit area holds around 46 cars. The external carpark off Wentworth Park Rd has the capacity for 60 cars.

Community Groups, Charities and Not-For-Profit

The Land Manager is always happy to work with all groups to find the best way for them to have access to the space. We have worked with the Starlight Foundation, Children's Tumour Foundation, Pyrmont/Ultimo/Glebe Men's Shed, Ultimo Public School, Fort St Public School & others.

Filming

Wentworth Park Sports Complex has a large number of areas which may be appropriate for film companies. There is a special licence and rates for filming.

Public Liability Insurance

Anyone looking to hire a space within Wentworth Park Sporting Complex must hold public liability insurance for \$20million.
